I come from the field: club communication, partnerships and events. Every project ended the same way: the team was missing a tool, and I built it. I now design the AI tools and automations small sport organisations lack, and hand them over so the team runs them without me.

EXPERIENCE

Since Oct 2026

Founder · Moreau Digital, micro-enterprise (side activity)

- Designed and launched **Sifflo** (sifflo.app), an app for amateur football clubs: call-ups answered in one tap, live score, carpooling, volunteers and sponsor slots. **Pilot with AS Nortkerque 95.**
- Build websites for local businesses by **directing AI coding agents**; I own the brief, content, QA and deployment.

Communication & Sponsoring Intern · Royal Daring Hockey Club ASBL, Brussels

Led the club's communication and sponsoring overhaul ahead of its promotion to Division Honneur.

- Built the club's **first graphic charter** and a **reusable Canva template system** across 4 content formats.
- Rebuilt the sponsorship offer from a static 3-tier PDF into a 5-tier package + Youth Pack, delivered as a **bilingual FR/NL partner website**.
- Designed a **Notion handover system** (playbook, editorial charter, 11 post templates) so volunteers keep producing after the internship.
